

## eDiscovery shouldn't be a problem.

Managing eDiscovery in litigation can be complex, time-consuming, and resource-intensive. That's where Proteus Discovery Group comes in. Our consultants seamlessly integrate with your team – whether you need customized workflows, targeted support, or a scalable eDiscovery program.

### Why Proteus Consulting Services?

- **eDiscovery Lifecycle:** From collection to review to production, our subject matter experts and certified project managers will guide your team through each stage.
- **Predictable Pricing:** There is no guesswork needed on your case budget for eDiscovery.
- **Custom Playbook:** We design efficient, scalable, and repeatable workflows designed specifically for your individual needs.
- **Hands-On Training & Support:** We empower your team with training and technical support to ensure confidence at each stage of the eDiscovery process.
- **Comprehensive Tech Solutions:** We are technology agnostic and provide solutions to meet your needs, whether you have a tech provider in-house or want to outsource hosting.
- **Strategic Advisors:** Our attorney-led team delivers practical, results-driven insights.

Our Consulting Services are designed to alleviate the complexity and unpredictable expense often associated with eDiscovery. Whether working to fill workflow gaps or strengthen existing processes, our subject matter experts provide flexible support to complement your team.

With Proteus, you gain a trusted partner committed to optimizing your eDiscovery strategy, long-term.
