

Sophisticated services, simply delivered

Proteus Discovery offers a comprehensive Hosted eDiscovery solution with project management services designed specifically for law firms and corporate legal teams. Our technology-agnostic approach, combined with skilled project management, integrates advanced tools with certified support to enhance the eDiscovery process, ensuring efficiency, precision, and compliance.

Our Hosted eDiscovery solutions significantly enhances efficiency by accelerating the eDiscovery process through streamlined workflows and automation tools. The advanced technology ensures high accuracy, leveraging powerful analytics to minimize errors in data analysis. This scalable solution allows you to adjust your eDiscovery efforts based on case demands without requiring extensive infrastructure investments.

Technology partnerships

We provide clients with defensible, cost-effective, and comprehensive eDiscovery hosting through Relativity, RelativityOne, and Everlaw. These technology partnerships means we can recommend the appropriate software and workflows for clients based on their specific factors including case budget, production deadlines, custodians, and data types.

No matter where your data is hosted, our clients can search, organize and analyze documents anywhere, contact human support when needed, and work with our professionals to address unforeseen circumstances.

Staff Certifications Include:

- 3 Relativity Masters
- 4 Relativity Certified Administrators
- 9 RelativityOne Pros
- 4 Certified eDiscovery Specialists (CEDs)
- 2 Everlaw Reviewers

Strategic and tactical support

Our transparent pricing and accomplished team of attorneys and technologists can guide you through each phase of data analysis to eliminate the distractions and find the documents that matter.

We offer all clients exceptional project management for offers seamless execution and support. Our team of experienced professionals provide expert guidance throughout the entire eDiscovery process – from data collection to production.

We can provide point solutions for any of the below areas, or end-to-end support during a matter.

Scanning Services

Sometimes our clients have paper documents that need to be digitized, as a full-service eDiscovery provider, we are here to help. Our team can scan and digitize your documents, then code them and ingest into the eDiscovery hosting solution of your choice.

Litigator-led eDiscovery

Our co-founders are former AmLaw 100 litigators. Clients across the country trust us because we provide candid communications and sophisticated solutions with simple, transparent pricing.

Our goal? To make eDiscovery approachable and straightforward. With our comprehensive solutions and defensible practices, we'll empower you to make informed decisions and achieve the best possible outcomes.

Your core competency is focusing on case merits and strategy; ours is eDiscovery. Together we can do great work.

“Proteus has been amazing with our RelativityOne client domain setup and support. I highly recommend them to all other firms in our situation.”

- Director of Litigation, AmLaw 200 Firm
